Summary

I am a dedicated professional with a solid grasp of trading fundamentals and an engineer by profession. My primary areas of interest revolve around finance and the creation of innovative applications and tools that deliver substantial financial benefits. I am equally passionate about engineering services, leveraging my technical skills to enhance processes and solutions. With a strong commitment to continuous improvement, I am excited to contribute my expertise and creativity to a dynamic team, bridging the gap between finance and cutting-edge technology to drive innovation and deliver exceptional value.
